Record Times

The Fiat is slow on paper, but can still turn heads and can even pass slower drivers in any car. I have had many instructor sessions along with data log to help improve every session I attend

Abarth Community

I have great connections with the online and local Fiats. I go to New Jersey Speed Shop, easily the best Fiat mechanic shop in the North-East for any larger tasks I cannot do.

About me

I am a full time Executive Chef, Father, Husband, Gamer, and Car Enthusiast. I have been around cars my whole life thanks to my dad always wrenching on something and buying me all the hot wheels when I was young. Today I am very active in my local car community with meets, shows, and sanctioned races/track events. Every week I am always doing something car related. Even through the winter I'll be preparing the cars for the upcoming season in the garage. My vehicles are a 1989 Crown Victoria LTD Wagon, 1991 Crown Victoria LTD Sedan, 2019 Honda Grom, 2012 Fiat Abarth 500, 2003 Mach 1 Mustang, and a 2014 Focus ST.
